CIRCULAR LETTER NO. 14

JUL - 2 1946

ETO Medical Controlled Items

LIBRARY

1. Effective at once the below listed items are classified as ETO Medical Controlled Items. All previous instructions in conflict herewith are being rescinded as of this date.

2. This listing shows items, the issue of which must be approved by the Chief Surgeon, ETO, or in the U.K., by the Surgeon, U.K. Base.

a. Items with a single asterisk (\*) are those the issue of which must be approved by the Chief Surgeon, ETO, or the Surgeon, U.K. Base, regardless of whether the issue is within authorized allowances or not. On these items, requisitions from Field Armies will be extracted to the Chief Surgeon in accordance with ETO SOP No. 7.

b. Items without an asterisk, when within authorized allowances, will be issued by depots upon proper certification by the requisitioning officer that he is short the item and that the quantity requisitioned is within his authorized allowances. Depots will likewise issue these items in exchange for like, but unserviceable, items turned in.

Issues, except to Field Armies, over and above authorized allowances on these items will be made only upon approval of the Chief Surgeon or the Surgeon, U.K. Base. Issues to Armies on these items will be made without reference to the Chief Surgeon.

c. In addition to the items on the inclosed list, certain non-standard items are also classified as controlled. The catalog listing of non-standard items ETO, dated 19 November 1944, shows these items notated with an "I".

3. This list of controlled items will be modified from time to time, as circumstances warrant, by the republication of a new list or republication of non-standard catalog listing.

By order of the Chief Surgeon:

1 Incl: List, "ETO Medical  
Controlled Items".
